# ROADMAP TO AFFORDABILITY

Guide for Families

# WE BELIEVE EVERY CHILD SHOULD EXPERIENCE CAMP.

## Scholarships make it easier.

Welcome home to Tamarack Camps, where your child will have the adventure of a lifetime. We've had the privilege of helping five generations of campers step outside their comfort zones to discover new passions, make lifelong friends, and grow — all while strengthening their Jewish identity.

Join us, and this tradition, rooted in our mission, can be available to your family.

- With the support of our generous community, every camper receives a subsidized rate to maintain affordability.
- Additionally, Tamarack provides nearly \$1 million in scholarships each year — more than any other Jewish camp in the world.

We know the cost of Tamarack Camps' programs may feel intimidating — especially at a time when life in general seems more expensive than ever — but our community is dedicated to making sure it's never out of reach.

We recognize that tax records are only a part of your family's financial situation, and other expenses can really take a bite out of your budget before you're even ready to think about camp. That's why we use a holistic approach to determining scholarship awards by considering all the factors that impact your finances.

- Camp scholarships are unconditional and do not need to be repaid.
- Scholarship applications are open to all families and available for all our programs, including Camp Maas, Outpost Camps and Teen Travel Programs.
- Your camp deposit can be waived upon request, until your scholarship has been determined.

If the cost of camp feels prohibitive or out of reach, we encourage you — regardless of income or family circumstance — to apply for scholarships.

**Support: In 2023, the average award was \$3,750.**

“I felt guilty about applying. We're not usually people who ask for help — and I know plenty of people who struggle more than we do financially — but camp is important to our family. Without scholarships, I'm not sure we would have been able to send our kids.”

## HOW ARE SCHOLARSHIPS AWARDED?

Tamarack Camps uses a variety of factors to get a comprehensive picture of your financial situation to determine your family's scholarship award, such as:

- Current and previous years' household annual income
- Liquid and non-retirement assets, and current liabilities including loans and debt payments
- Medical and wellness expenses
- Jewish day school and Hebrew school tuition
- Other educational expenses
- Synagogue/temple dues

*We also look at other factors regarding household finances that may not be entirely represented by income alone.*

The entire scholarship process is confidential. Funding comes from a generous camp community of many caring individuals, philanthropic foundations, corporate sponsors and from our partners at the Jewish Federation of Detroit.

**“In the ongoing work to meet our mission, we appreciate the steadfast partnerships that enable camps to flourish - and we are especially grateful for the meaningful collaboration and financial contribution of Federation.”**
